Consult with the TLOTS distributor to determine which panels will work best for your needs.

Sketch the footprint of the guarding complete with dimensions and doors.

Once your order arrives, connect the pre-fabricated panels using the included hardware, and fasten to the floor.

CONNECT™

MODULAR GUARDING SYSTEM

T S L O T S

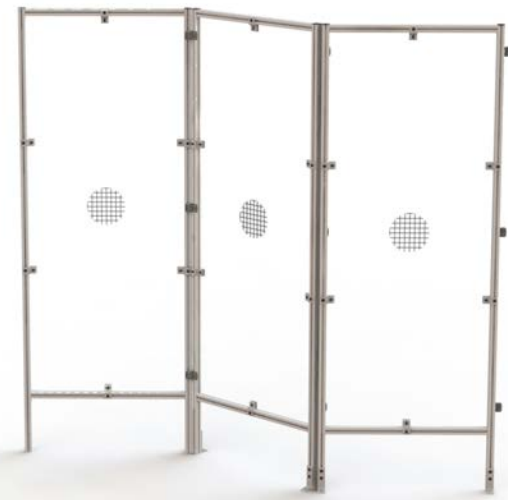

BY FUTURA INDUSTRIES

V.1 - NOV / 16
ISO 9001 REGISTERED
www.tslots.com

STANDARD

Connects With Joining Strips
Assemble In a Straight Line Or At 90 Degrees

PIVOT

Connects With Hinges
Used To Create Custom Angles In Guarding

DOORS

Connects With Joining Strips
Place Anywhere a Door Is Required

CONCEPT

Connect™ uses pre-fabricated panels of varying widths and heights that quickly link together to create a custom guarding solution.

ADVANTAGES

SHORT LEAD TIMES

There's no need to submit projects for quote. Just order the pre-fabricated panels needed to complete the project

MODULAR

Need to modify or add something to the guarding? Simply order the additional parts and install as needed on-site

EASY ASSEMBLY AND INSTALLATION

The panels arrive assembled and ready to connect to each other. Simply link them together and fasten to the floor.
